Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. This book is the final chapters in a story of love, music and prostitution. Conjecture over these pages occurred from time to time and were either left in the respective books for the reader to accept or reject, or removed by the author, believing the content may not serve the over-all story well. While the content does serve to bring to a conclusion certain aspects, it does add some violence and deviance to a main character, Sophia. After careful thought and for the sake of reducing the number of pages in the main stories these cuts were made. This treatment was recently decided in order to add a short book containing this material for those that may want these details and may even use it as an alternate ending to the stories. I'll say no more since it is short and a small investment to explore this on your own. I will assure you it is exciting and most assuredly a different conclusion. Oh yes, it also introduces another love story between Dupree and Laura DeGravole, a young virtuoso violinist. As stated I will warn you that some readers were disturbed over this material as part of the original story.
