## WITTGENSTEIN ON THE ARBITRARINESS OF GRAMMAR

[DOWNLOAD](#)

Princeton University Press. Paperback. Book Condition: New. Paperback. 264 pages. Dimensions: 8.3in. x 5.4in. x 0.6in.What is the nature of a conceptual scheme Are there alternative conceptual schemes If so, are some more justifiable or correct than others The later Wittgenstein already addresses these fundamental philosophical questions under the general rubric of grammar and the question of its arbitrariness--and does so with great subtlety. This book explores Wittgensteins views on these questions. Part I interprets his conception of grammar as a generalized (and otherwise modified) version of Kants transcendental idealist solution to a puzzle about necessity. It also seeks to reconcile Wittgensteins seemingly inconsistent answers to the question of whether or not grammar is arbitrary by showing that he believed grammar to be arbitrary in one sense and non-arbitrary in another. Part II focuses on an especially central and contested feature of Wittgensteins account: a thesis of the diversity of grammars. The author discusses this thesis in connection with the nature of formal logic, the limits of language, and the conditions of semantic understanding or access. Strongly argued and clearly written, this book will appeal not only to philosophers but also to students of the human sciences, for whom Wittgensteins work holds great relevance. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
