Reviews

This ebook is worth purchasing. It is written in straightforward words and not hard to understand. You will not feel monotony at any time of your respective time (that's what catalogs are for about in the event you ask me).

Brand New Book ***** Print on Demand *****.Excerpt from Report on a Developing School and School Shops, 1877 Apprenticeship having departed, never to return in its ancient form, something else must take its place, and give to our artisans practical instruction. Every youth should have placed within his reach such technical instruction as will enable him to become the master of his trade, art or occupation. By the old apprentice system, the boy was bound to the master some seven years, and received his instruction more by his own observation than by any direct teaching. We recommend the plan suggested by Mr. S. P. Ruggles, and so universally endorsed by the press, in contradistinction to the former system of our fathers, - that the youth, whenever he has completed his general education in any of our public or private schools, may enter what may be called a Developing School, so established and arranged as to give all the pupils a good general idea of all the different trades, arts or callings, in order that it may be ascertained by themselves or the superintendent for what kind of business they have the greatest natural genius. Imagine, if you please, one very large room, with a steam-engine and boiler in the middle of it, so that all pupils that have any taste for the management of steam, or steam-engines, could examine every point, and readily understand all about it. Then we would have a carpenter s bench, with a variety of tools, to show how that work was done; then perhaps turning-lathes, to show how the wood-turning business was performed; then, with the aid of blackboards and carving-tools, it might be seen how drawing and carving...
