TECHNOLOGY AND LABOUR SELECTED ESSAYS

2007. Hardcover. Book Condition: New. 339 The book is a collection of selected essays on labour and technology published in a number of journals since more than a decade. The book aims at exploring the creative and destructive role of technology for employment and displacement of labour. Production of commodities is taken as the domain that gives and man-transformed resources are the means by which technology is expressed. Technological progress leads to changing skill requirement, which offers the scope for...

It is just one of the best ebooks. I was able to comprehend everything out of this composed PDF. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- **Ocie Hintz**

It is one of the best publications. It really is loaded with knowledge and wisdom. You may like the way the blogger wrote this ebook.
